Press Release

City of Clovis to Implement Stop Sign Changes between 7th and 14th Streets and Cameo and Thornton Streets

Over the next several months the City of Clovis Public Works Department will be installing stop signs in the area located between 7th Street and 14th Street and Cameo Street and Thornton Street. The signs are being installed to provide control at previously unmarked intersections. In order to keep with a uniform approach to the overall layout the existing north/south signs located at 13th St. and West St., 10th St. and Edwards St., and 8th St. and Edwards St. will be reversed to an east/west direction. The east/west signs located at 13th St. and Hull St., 11th St. and Hull St. and 9th St. and Hull St. will be reversed to a north/south direction. The proposed changes can also be found on the City of Clovis's website at www.cityofclovis.org. Should you have any questions regarding the proposed signing please contact Justin Howalt at the Public Works Department at 769-2376.
