To achieve this objective, the Purchasing Department seeks to foster as much competition as possible. - Give all suppliers full, fair, prompt and courteous consideration
- Keep competition open and fair
- Solicit supplier suggestions in the determination of clear and adequate specifications and standards.
- Cooperate with suppliers and consider possible difficulties they may encounter
- Observe strict truthfulness and highest ethics in all transactions and correspondence.

**CITY OF CLOVIS  
PURCHASING MANUAL**

Note: The following is a brief outline of current policy and procedures for purchasing. It is the responsibility of the Department Head to insure:

1. That all purchases be made at the best obtainable price.

3. That only authorized personnel sign purchasing document.

1. If the driver identification number is compromised notify Fleet Management, Departmental Fuel Card Manager, or a supervisor immediately.

2. Avoid giving a driver identification number to a station attendant. Insist on entering the number without the attendant's help. During equipment malfunctions and some situations you may have to disclose your number to authorize the sale. During these times, use discretion. If you believe the integrity of your driver identification number has been compromised notify Fleet Management, Departmental Fuel Card Manager, or a supervisor immediately.

3. Enter the correct odometer reading. Do not guess or use variation of the odometer reading.

- d. Employee Authorization
    - i. Employees may utilize the fuel card only upon prior written notice to Fleet management by the Department Head or authorized representative. Letters may be submitted with multiple names. Letter will include employees name and work section. Employees will be required to sign a letter of responsibility before they will be assigned a driver identification number. Department Heads or representative should remove employees from authorization list when they are dismissed, retire, or resign. Departments should consider adding this to out-processing procedures. Departing employees must be removed from the authorization list or a delay in payroll request may occur (retirement finalization, final payments etc...). The Human Resource Director or the Risk Management Director for violations pertaining to established City policies, procedures, or safety regulations may also remove an employee from the authorization list.
  - e. Vehicle Authorization:
    - i. The fuel cards are issued to City vehicles, not individuals, and must remain with the vehicles. Card will be secured in the glove compartment, center console, or other area out of sight. Cards will not be kept on visors or other areas that may cause the card to become lost or dislodged. The Departmental Fuel Card Manager in a secure location will maintain cards that cannot be securely maintained in the vehicle. Cards will be signed out using a log to document date, time-out, time-in, and individual requesting card. Fuel receipts will be maintained with the log. Under no circumstances will the card remain signed out for an excessive period of time unless approved by Fleet Management or the Departmental Fuel Card Manager. Cards may be maintained by the individual if the vehicle is assigned to a specific employee, such as city manager, department head, specialized position, or as deemed appropriate by the department head or Fleet Management. Employees maintaining individual cards must be identified in writing by Department Heads. Fleet Management will be responsible for issuing cards for all “active” City vehicles. In order to receive a fuel card the DFCM must complete a vehicle profile sheet in appendix M. Once the vehicle profile sheet is received by Fleet Management they will acquire cards for newly assigned vehicles and will distribute the cards to the appropriate department upon signature release from an authorized departmental representative. Authorized representative must be listed in writing by the Department Head. If a vehicle is decommissioned or sold, the Departmental Fuel Card Manager must notify Fleet Management in writing and return the fuel card to be deactivated. Departments must immediately notify Fleet Management by phone and written e-mail for any lost or stolen card. Fleet Management will maintain a limited amount of “master card” for use until a new card can be issued.
  - f. Proper Card Use
    - i. Insert the fuel card into the card reader at the fuel island gas pump or have a station attendant swipe the card inside the station. If the card will not swipe, the station attendant must contact Fuel Services. The 800 number

for Fuel Services is located on the back of the card. Fuel Services can be reached 24 hours a day, 7 days a week.

- ii. Enter the driver identification number assigned by Fleet Management. This will authorize the sale and identify the purchaser.
  - iii. Do not give the identification number to anyone except Fleet Management, Fuel Services, or station attendant (only when required to complete sale). Do not store identification number and card together.
  - iv. Enter the exact odometer reading excluding tenths of miles in the odometer reading. Accurate odometer readings are critical for vehicle tracking, reporting, and maintenance scheduling.
  - v. Once fueling is complete driver will obtain a receipt. The receipt will be turned-in to the Departmental Fuel Card Manager. All transactions will have receipts, NO EXCEPTIONS. In the event that a receipt does not print and there is no station attendant to print a receipt, the employee will fill out and turn in a missing receipt slip. Copies of these slips can be made for the sheet in appendix J of this manual.

Employee may be required to pay for fuel dispensed and may be subject to dismissal under City policies.
  - iv. Purchase of “premium” fuels is strictly prohibited. Only vehicles pre-approved in writing to Fleet Management will be exempt from this policy. All other violations will be reported to the Department Head or designated representative. Violators will be required to repay the difference between regular price and premium price unless waived by the Finance Director.
- h. Service Authorization
- i. As a protective measure City vehicles have been established with “Fuel Only” authorization. On a case-by-case basis, vehicles can also be established with “Fuel and Service” authorization. This is to allow for minor maintenance in emergency circumstances. This will mostly apply to out of town trips. Driver will have to contact Fleet Management to have this function activated.
- i. Billing and Verification Process
- i. At the end of each month Fleet Management will send itemized transaction statements for all City Departments. Departmental Fuel Card Managers will have each employee whose driver identification number appears on the statement sign their payroll signature next to each transaction. The DFCM will also verify each transaction with the receipts or missing receipt slips turned in throughout the month. If an employee is unable to sign due to illness, vacation, away on business, or if employee has been dismissed, retired, or resigned, then the Department Head or designated representative may sign if verified with receipts.

- ii. Reports must be returned to Fleet Management within 10 working days fully documented. The Department Head or designated representative must also sign and return the review certification letter shown in appendix L.
- iii. Internal tracking systems for documenting fuel purchases should be developed by each section or department. This will help the accountability process at the end of the month. If internal procedures are developed, they must be approved by the Finance Department designated representative.

Comments should be used in the rating of each vendor. These comments will be kept in a separate file away from public access to insure an objective and honest evaluation.
  - ii. Evaluation Criteria Using Fee
    - 1. Fee may be used as a evaluation factor for Request for Proposals if it is determined to be in the best interest of the City.
    - 2. Using fee as an evaluation criteria must be approved by the proposer and the Purchasing Agent
    - 3. Maximum amount of points that may be assigned to the fee category is 50 points.
  - iii. Maximum points should only be awarded to outstanding proposals with a logical deduction of points for all others. Any other method tends to weaken the total evaluation process and may lead to the recommendation of less qualified proposals.
- e. Committee Members Conduct
  - i. The Committee may ask vendors to present an oral presentation if they feel it necessary to clarify the proposal or gain added information about the vendor. If the firm is unfamiliar to the committee member, references should be checked prior to the assigning of points.

  - iv. Committee members will adhere to the RFP Committee Rules as outlined in Appendix C
- f. Point Tabulation For Criteria Other Than Fee
  - 1. The high and low for each total on the Master Summary Sheet will be dropped. - g. Negotiation of Fee for Qualified Based Proposals on Professional Services for Engineers, Architects And Surveyors
  - i. If fee is not used as scoring criteria negotiations will be entered into with the firm having the highest score on all other evaluation criteria. The Purchasing Agent (or designee) and the proposal representative (City

Engineer etc.) shall meet with the firm until an agreement is made or it is determined that it would be in the best interest of the City to terminate negotiations. In that event, negotiations would be initiated with the second highest vendor and this procedure would be done until an agreement is made or all vendors are exhausted. At which time, the City would re-solicit for new proposals.

      - b. Each successive higher fee will receive a percentage of the points as follows:

**EXAMPLE: Based on 70 points for fee**

VENDOR	BID	CALCULATION	POINTS
ABC CORP	10,000.00	LOWEST BID = 100%	70
XYZ CORP	12,500.00	$10000/12500 = 80\%$	56
ZZZ CORP	20,000.00	$10000/20000 = 50\%$	35

- ii.  $LOW\ BID/NEXT\ HIGHEST = \% \text{ TIMES TOTAL POINTS}$

- i. Determination Of Apparent Winner
  - i. The Vendor closest to the total 100 points possible may be declared the apparent winner. A recommendation will then be made at the next regular Commission meeting for award of the proposal.

  5. Cardholder must always sign credit card transaction receipt/application, when credit card is present.
  6. Cardholder Information Security
  7. Credit cardholder information is obtained either by cardholder being present (credit card present) or by transmitted cardholder information (telephone, Internet, etc.).

  9. Credit card information (i.e., credit card sales and/or refund/credit documentation) should be retained either within the department, and/or forwarded to General Accounting as specified and agreed to by General Accounting.
  10. When information is obtained and transmitted through web/internet lines it should be safeguarded from unauthorized access. For credit card terminals. memorandum generated by the Purchasing Office and endorsed by the Finance Director.

4. Discount Rate/Processing Fee
  - a. Discount Rate will be negotiated with the vendor responsible for processing credit/debit card transactions on non-defined revenue. Fees will be posted or updated on memorandum generated by the Purchasing Office and endorsed by the Finance Director.

(Confirmation on bid form must be postmarked on or before time and date of opening and received at the Purchasing Department of the City of Clovis, within 48 hours after opening Show regular information on envelope and add the word: "Confirmation"). Telephone bids are not acceptable when in response to this invitation to bid. Late bids will not be considered under any circumstance and will be returned to the bidder unopened. Bid CANNOT be altered or amended after opening time. Any alteration made before opening time must be initiated by bidder or his authorized agent.
2. **WAIVERS:** The City of Clovis reserves the right to reject any or all bids, waive any technicality in bids, and unless otherwise specified by the City of Clovis or by bidder, to accept an increase or decrease on any or all items in the bid unless otherwise indicated in the bid documents. The City of Clovis reserves the right to waive minor irregularities. The City of Clovis also reserves the right to waive mandatory requirements provided that all of the otherwise responsive proposals failed to meet the mandatory requirements and/or doing so does not materially affect the procurement. This right is at the sole discretion of the City of Clovis.
3. **RESPONSIBILITY OF BIDDER:** Bids MUST give full firm name and address of bidder. Failure to manually sign bid may disqualify it. Person signing bid should show title or authority to bind his firm in a contract. The bidder, if this bid is accepted, hereby expressly binds himself to the City of Clovis from all claims, suits and actions on account of the work done by the bidder pursuant to the bid or by reason of any act or omission, misfeasance, or malfeasance of the bidder or of any bidder's subcontractor. This paragraph shall equally apply to injuries to bidder's employees. Any cost incurred by the bidder in preparation, transmittal, presentation of any proposal or material submitted in response to this RFP shall be borne solely by the bidder.

4. **SERVING SUBCONTRACTORS:** The Purchasing Agent recognizes the fact that the potential vendors have different business models for the delivery of support services or products. Whereas one potential vendor may provide support services through a wholly owned subsidiary another may provide support services through a local business partner or qualified organization herein referred to as a servicing subcontractor. Therefore, vendors may propose the use of servicing subcontractors for the performance of local marketing, warranty, maintenance or technical support services in accordance with the terms and conditions of the price agreement or bid. Servicing subcontractors may not directly accept purchase orders or payments for products or services from procuring agencies under the terms and conditions of the price agreement.
5. **ACCEPTANCE AND OPENING OF BID:** Bids will be accepted up until time and date listed on IFB at the office of the Purchasing Agent, 321 Connelly, P.O. Box 760, Clovis, NM 88102-0760. Bids will then be opened publicly and read aloud in the assembly room (unless otherwise stated). A recommendation will be taken to the City Commission at a regular meeting for award.
6. **BRAND NAME:** Any catalog, brand name or manufacturer's reference used in bid invitation is descriptive – NOT restrictive – it is to indicate type and quality desired. If other than brand(s) specified is offered, illustrations and complete description should be made part of the bid. If bidder takes no exception to specifications or reference data, he will be required to furnish brand names, numbers, etc., as specified. Vendor should give brand name, model number, and date of manufacture of item(s) bid. The City may specify no substitute or exception if required to match existing equipment.
7. **DELIVERY:** Bid must quote FOB destination and show number of days required to place material in City's designated location under normal conditions. Failure to state delivery time obligates bidders to complete delivery in 14 calendar days. A difference in delivery promise may break a tie bid. Consistent failure to meet delivery promise without valid reason may cause removal from bid list.  
  
If delay is foreseen, contractor shall give written notice to the Purchasing Department of the City of Clovis. City of Clovis has the right to extend delivery date if reasons appear valid. Default in promised delivery (without accepted reasons) or failure to meet specifications, authorized the City of Clovis to purchase supplies elsewhere and charge full increases in cost and handling to defaulting contractor.
8. **COMMERCIAL WARRANTY:** All items bid shall be new, in first class conditions unless otherwise stated. Bid should include container suitable for shipment and storage. Successful bidder must submit the most favorable commercial warranty and/or guarantee in writing to the City of Clovis that would be offered to any customer for the same supplies or services, or as specified in bid. The vendor agrees not to disclaim warranties of fitness for a particular purpose or merchantability.
9. **PACKING, SHIPPING AND INVOICE:** The Purchase Order Number and the Vendor's name, user's agency name and location shall be shown on all packing and delivery tickets, packages, bill of lading and all other correspondence in connection with the shipment. The user's count will be accepted by the Vendor as final and conclusive on all shipments not accompanied by a packing list.

The Vendor's invoice shall be submitted in triplicate, certified and contain the following: Purchase Order Number, description of goods or services, quantities, unit prices and extended

totals. Separate invoices shall be rendered for each separate shipment. Payment will not be made from a month and statement.

10. **INSPECTION AND ACCEPTANCE:** The City will have final inspection and acceptance at destination. Supplies rejected due to non-conformance with bid specifications will be removed at vendor's expense and risk in a timely manner after notice of rejection.
11. **DEFAULT:** The City reserves the right to cancel all or any part of this contract without cost of the City, if the successful vendor fails to meet the provision of the order, except for conditions beyond the vendors control, the vendor will be liable for any excess costs to the city due to the vendors default. This statement does not exclude any other rights provided by law.
12. **NON-COLLUSION:** By signing and submission of this bid, the vendor certifies that there was neither directly or indirectly any collusion, which would restrain free competitive bidding.
13. **THE PROCUREMENT CODE:** Sections 13-1-28 through 13-1-199, NMSA 1978 imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.

18. **RENEWAL:** If the bid is an annual bid the City of Clovis reserves the right to renew the bid for three (3) years (4 years total) for bid under \$20,000 or seven (7) years (8 years total) for bids over \$20,000.00. The City of Clovis reserves the right to renew or issue a new Invitation to Bid (ITB) without explanation or cause.
19. **PENALTIES:** If the winning contractor is not fulfilling the terms of the bid, to include delivery date, the City of Clovis will initiate the following procedures:
  - A. **First Notice:** Written warning describing unsatisfactory work rendered or non-performance of term of the bid. The contractor will be given 10 working days to respond to this notice.
  - B. **Second Notice:** Issuance of a second written notice after ten-business day will assess the contractor a **\$100.00 penalty fee per day** for unsatisfactory work, non-delivery, or non-performance of contract. The fee **will not be charged** if notice of assessment for unsatisfactory work rendered, non-delivery, or non-performance of contract is made satisfactory within 48 hours of notice. Each day that there is a violation may constitute a separate offense.
