

Animal Experience INFORMATION

Bat-eared Fox Encounter

You will meet our 2 fox residents while comfortably seated on a bench inside the animals' habitat. This activity is for children 8 years and older. The animals may come up and touch you (rubbing against you) but we ask that you do not reach out and touch them. The encounter guide will provide you will general information about the bat-eared foxes and also info specific to our individuals. Photos are welcomed and encouraged.

Rothchild's Giraffe Encounter

You will meet our 2 giraffe residents while standing outside of their habitat. This activity is for children 6 years and older. The animals will come over to eat out of your hand, and when instructed that it is safe to do so, you will have an opportunity to touch them if the animal is accepting. The encounter guide will provide you will general information about the giraffes and also info specific to our individuals. Photos are welcomed and encouraged.

Ring-tailed Lemur Encounter

You will meet 3 of our lemur residents while comfortably seated on a bench inside the animals' habitat. This activity is for children 8 years and older. The animals may come up and touch you but we ask that you do not reach out and touch them. You will have the opportunity to feed the lemurs from your hand for this encounter. The encounter guide will provide you will general information about the bat-eared foxes and also info specific to our individuals. Photos are welcomed and encouraged.
