Dear Resident,

K. Barnett and Sons is planning on beginning work February 5th, 2024, for the Dr. Martin Luther King, Jr. Blvd Improvements Phase II project. The project area is from 7th Street to 21st Street along Dr. MLK, Jr. Blvd. The work consists of demolition of the existing road and concrete structures, road reconstruction of Dr. MLK, Jr. Blvd., Worthington Ditch drainage improvements, utility relocation, replacing traffic lights at each intersection and replacing school flashers. This project also includes the installation of new sidewalk, curb & gutter, road signage, and striping.

The work will be performed Monday through Friday between the hours of 7am and 5pm. During this time, follow detour signs and roadwork traffic signs as access to and along Dr. Martin Luther King, Jr Blvd. will change over the course of construction.

I realize this is going to be inconvenient and can assure you that we will do our best to get this work completed as fast as we can during civilized hours.

If you have any questions or specific concerns, please don't hesitate to contact us at (575) 762-4407.

Thank You,

Daniel Lyons
